"Celtic Celebrations"

Storyteller-Minstrel Duo to Perform at Old Hammondtown

Although St. Patrick's Day has since come and gone, the students, parents and friends of Old Hammondtown School in Mattapoisett will be treated to a little post-holiday treat this Friday morning when Jerry and Nancy Bell stage a performance of Celtic stories and songs.

Sponsored by the Mattapoisett Parent-Teacher Association (PTA), the duo will bring the magic of Scotland and Ireland to the fifth and sixth graders, along with some related history and traditional stories.

Recently arrived from Scotland, this lively young couple has been performing professionally for the past eight years and has been playing to schools throughout Massachusetts for the past two years. Upon first emigrating to America, the couple were immediately drawn to Massachusetts, in particular the Boston area.

"We were performing in Scotland in schools and at festivals," said Jerry Bell. "We got the chance to come here to America and we were told we should go to Massachusetts, which is the cultural capital of America. And we ended up settling in Boston, which is known as the storytelling capital of the world!"

Though they at first were performing for a variety of groups, it seemed that the historical and educational aspects of their shows made them a prime choice for school programs.

"When we came here we didn't know if we'd be doing more in the way of festivals, or libraries," Mr. Bell said. "But the schools really snapped us up. We came along at the right time, I guess."

Nancy, a high school English teacher, has designed these three programs to use Celtic story and song as exciting educational tools. Taking on the identities of travelling minstrels who have come to tell you about their homeland, Jerry and Nancy Bell will relate information about Scotland and Ireland — mystical places which are full of mountains, monsters and music.

The students will learn such fascinating historical facts as why a Scotsman wears a kilt, what they ate for breakfast in seventeenth century Scotland, how musical instruments influenced warfare and helped spread news, and why so many Scots and Irish emigrated to America.

The couple also will be dressing an audience volunteer in a Highland costume and will bring samples of traditional foods, letters, songs and stories from the Scotland and Ireland of yesteryear.

Jerry and Nancy will also fill the students' imagination with select tales which require audience participation, with all the necessary props and costumes to get a bit of impromptu theater going. Ranging in subject matter from ghost stories to fairy tales to fables and folk tales, the Bells will entertain in the tradition of old-style storytellers.

"The traditional stories have always fascinated us," said Mr. Bell. "The stories of fairies, ghosts and leprechauns ... we try to encourage the kids to go home and tell their parents their own stories. I think it's important to get more of the oral tradition out there."

Mr. Bell feels that the American culture has lost some of the value of traditional storytelling — a fact he'd like to help change. "American kids don't seem to have that (tradition)," he

said. "So many (local) people have Scotch and Irish in their blood ... and we always find a lot of their parents have a wee bit in their families, but never really learn more about them. We try to teach the students about all cultures ... and teach them to be proud of their own culture."

Lastly, the performance will include a demonstration and sampling of a variety of ancient instruments for the sixth graders including: an Irish Harp, a Scots/Irish Fiddle, a Wooden Flute, a Tin Whistle, a Bodhran (Irish Frame Drum), Scottish Bagpipes, Cauldwind Pipes, a Bouzouki, and a Tenor Banjo.

"The students learn a lot about all the instruments," Mr. Bell said. "We find that most kids seem to like the instruments ... although we recently had a girl who said 'that's the instrument my (grandfather) hates' when we demonstrated the bagpipes."

After a short demonstration of each instrument, the couple will show how each works and talk about their history. They will also explain how music was handed down through generations in the oral tradition — much of which is still popular today.

"We don't read music," Mr. Bell said. "We've learned all these instruments in the oral tradition. In Scotland, you just sit in sessions and learn how to play musical instruments from each other."

For some of the older groups, the couple likes to link some of today's more trendy music with the tradition of the past. A prime example is a demonstration of a song recorded by the Irish rock group U2 called "The Belfast Child," which was

adapted from a traditional Irish folk tune. "We figure if we can capture their attention with something they know, it's easier to get them interested in the (more traditional) music," Mr. Bell said.

As two-year veterans of the Eisteddfod Traditional Folk Festival which is held at UMass Dartmouth each year, the Bells are no strangers to southeastern Massachusetts. They will be returning for their third appearance at the festival in September and look forward to their premiere in Mattapoisett this week.

Storytellers Jerry and Nancy Bell will perform their Celtic Celebrations for the students at Old Hammondtown School on Friday morning, April 7 at 9:00 am. The Mattapoisett PTA cordially invites community members who would like to attend this program.

Mattapoisett Selectmen's Meeting

April 4, 1995

A meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, April 4 at 7:00 pm by Chairman John N. DeCosta, Jr. Also present were Selectman Daniel O. Mahoney, Selectman Paul E. Lambalot, and Executive Secretary Carol J. Adams.

After approving the minutes of the March 28 meeting of the board and signing the treasury warrant, licenses, permits, and correspondence for the week, Chairman DeCosta asked that the board review the minutes of the Annual Herring Meeting, which was held on March 30. The board approved the minutes as submitted.

The following meeting were cited for the week:

• Wednesday, April 5 at 2:00 pm — Board of Selectmen's Meeting (Executive Session) to discuss Police Union Contracts.

• Thursday, April 6 at 7:30 pm — Mattapoisett School Building Needs Committee with Board of Selectmen, Selectmen's Office.

Under outgoing correspondence for the week, the board unanimously approved a permit to excavate a portion of Locust Street — a private road — on Mattapoisett Neck to install underground utility wires at the site. Later that evening, resident Peter DeWalt came before the board to discuss this project, noting that he had received some negative feedback from his neighbors.

"I live at the end of Locust Street ... where we've had telephone poles lining the road," Mr. DeWalt said. "I decided to spend some money and have the wires installed underground so they

wouldn't be hanging off the sides of my house. I thought I did everything that was necessary."

But Ms. Adams assured Mr. DeWalt that the project had been readily approved by the board and everything had been done within the legal parameters. "(Your street) is a private way, it's not a town road," she said. "But you do need permission to excavate the road, which was granted by the board."

Under incoming correspondence for the week, Chairman DeCosta cited a notice from SEMASS regarding materials which are restricted from being taken at their facility. The materials which are restricted include: lead batteries; leaves; whole tires (pre-shredded tires are acceptable); white goods; other yard waste; aluminum containers; metal or glass containers; single polymer plastics; and recyclable paper.

The notice went on to say it is imperative that materials such as gasoline cans, explosives, containers of oil or solvents, paint, metal banding, auto parts, fencing, chains, wire, magnetic tape, and other potentially-explosive material be handled and disposed of in a proper and responsible manner and not delivered to the SEMASS facility.

The Marion/Mattapoisett/Rochester Housing Co-Op, Inc. next sent information regarding a commitment of $20,000 from the Executive Office of Communities and Development (EOCD). The letter stated that after careful evaluation of all applications, a conditional commitment of funds to those communities most ready to proceed with local home ownership program had been approved. Correspondence also include a copy of the March 27 meeting of the Housing Co-Op.

The board next received a letter and resume from resident Gerald E. Johnson of Pine Island Road, who is seeking to fill a vacancy on the Zoning Board of Appeals. Mr. Johnson is an attorney who currently works in Swansea, MA.

The board discussed the fact that they currently need at least two full-time members and also a couple of alternates for the Zoning Board of Appeals, which needs a majority vote of four out of five members to approve variances. Selectman Lambalot wanted to know if there was an abundance of attorneys on the board right now, but Selectman Mahoney said there seems to be a variety of occupations represented. The board agreed to keep Mr. Johnson's resume on file and also asked that other residents who might be interested in serving on the Board of Appeals to send a cover letter and resume to the Board of Selectmen, c/o Town Hall, Mattapoisett, MA 02739. Prior experience is not required.

Under the Executive Secretary's Report for the week, Ms. Adams noted that the Congregational Church had requested permission to hold their Easter Sunday service at the Shipyard Park gazebo at 7:00 am on April 16. The board unanimously approved the request.

Ms. Adams also informed the board that Josephine Pannell and Evelyn Pursley of the Council

Lastly, Ms. Adams noted some parking problems which had arisen on Church and Cannon Streets. According to Ms. Adams, she had conferred with Police Chief James F. Moran regarding a "No Parking" zone at the corner of Church and Cannon Streets. Chief Moran had suggested that a "30 Minute Parking" sign be removed from the location and the curb be repainted yellow to indicate it is a "No Park-

The Board of Selectmen unanimously approved both recommendations. However, Ms. Adams noted that the main offenders are usually residents along the street. "Chief Moran wanted to make you aware of that the biggest complaints will probably come from residents," she said.

At 7:45 pm the board met with members of the Finance Committee to review the articles which will appear on the May 15 Annual Town Meeting warrant and make their final recommendations on each. (A review of these articles along with the FinCom recommendations will appear in a future edition of *The Wanderer.)*

Upon completion of their meeting with the FinCom, the board would adjourn for the evening.

• Letter from the Marion to Bermuda Cruising Yacht Race Association regarding the "Town of Marion Trophy." Rochester Selectmen's Meeting

April 3, 1995

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, April 3 at 6:30 pm by Chairman David L. Hughes. Also present were Selectman Lorraine Roy Hawkes, Selectman Michael Murphy, and Administrative Secretary Shirley Ferreira.

After approving the minutes of the March 27 meeting with some corrections from Selectman Hawkes, Chairman Hughes went over incoming correspondence for the week, beginning with a letter from Richard E. Cutler expressing his concerns over the proposed development near Ryder Road and High Street.

According to Mr. Cutler in his letter, the town should give serious consideration to exercise its Right-of-First Refusal as the property is currently under Chapter 61. "There are a number of aspects of this particular track that make this property worth serious consideration," he wrote. "One aspect is the location of the landfill. This has the very real potential of eventually contaminating well water in the local area."

Mr. Cutler also noted that since the town already owns 10 acres next to the subdivision, it would be worthwhile to expand their land holdings by considering purchase of the property. "Adding to (the land) would preserve future options for the town," he wrote. "I suggest ... that at least part of the property be turned over to the town in lieu of tax revenues that will be owed to the town from the developer."

Selectman Hawkes motioned that the board seek the advice of Town Counsel in this matter to see if they could, in fact, accept a portion of the land in lieu of tax payments. Chairman Hughes added that if the property is offered to the town, they will have 90 days within which to

respond. "Maybe we can also ask (Town Counsel) to draw up a sample article to accept the property (at the Annual Town Meeting)," he said. With that amendment, the motion was carried via unanimous vote of the board.

The board next received a response from the Rochester School Committee concerning their request for an article to appropriate $12,000 to design, equip and install a lead copper corrosion control system to the water supply at the Memorial School. According to School Committee Chairman Thomas H. Wynne, the committee decided that such an expenditure was not part of the overall educational plan for the children of Rochester and, as such, should not be included as part of the regular operating budget.

costs for the new water system is approximately $3,000 which *will* be funded out of the annual school budget, even though the beneficiaries of the system include the police and fire departments," Mr. Wynne wrote. "Therefore, the school committee felt that a one time funding request would be the best way to go."

The board agreed that upon hearing this explanation from the School Committee, the request made sense. "I just wanted to know why the cost wasn't included in their budget," Selectman Hawkes said. "If this explanation had accompanied the request, I wouldn't have questioned it."

The Buzzards Bay Action Committee (BBAC) next requested the placement of an article on the Town Meeting warrant to appropriate $1,000 for their efforts for fiscal year 1996. According to Executive Director Dennis Luttrell, the BBAC has experienced cuts from the Environmental Protection Agency (EPA) and expects cuts in federal funding as well. "We are requesting $1,000 this year to help offset the administrative costs of operating the BBAC for the upcoming fiscal year," he wrote.

Last year, the town approved a $600 appropriation for this purpose. The board unanimously approved placement of an article on the Town Meeting warrant to request the $1,000 appropriation.

recent Board of Appeals decisions for Coachman Realty Trust, c/o David Gallagher, Trustee (Special Permit issued to allow continued use of property for sales and repairs of motor vehicles); and for C. Susan King/James Dougall (Variance approved to allow construction of a dwelling on an unapproved road, and Special Permit issued for construction of a two-family dwelling).

Under notices for the week, Chairman Hughes noted a Training Program sponsored by SRPEDD and the Wareham Economic Development and Industrial Corporation which will be held on Tuesday, April 11 at 3:00 pm in the Wareham Library; and the Rochester Board of Appeals will hold Public Hearings on Thursday, April 13 at 8:00 pm for Albert Tower and 8:30 pm for Dario, Ligio, Luis and Delinda Amaral.

After signing the payment of several Fire Department bills for the week, the board unanimously approved a request from Donna Ziobro to allow the use of Town Hall on Saturday, May 20 from 8:00 am to 5:00 pm for "Clean Up Day in Rochester."

Under Old Business, Selectman Hawkes asked if a request had been made of Town Counsel to attend the Annual Town Meeting. Ms. Ferreira noted that either Attorney Everett Marder or an associate will be attending.

Under New Business, Chairman Hughes cited receipt of a letter from the Marion/Mattapoisett/ Rochester Housing Co-Op, Inc., informing the board that they have been awarded a $20,000 conditional commitment of Soft Second Loan funding from the Executive Office of Communities and Development (EOCD).

Chairman Hughes also noted that the Department of Environmental and Marine Fisheries has approved

funding for improvements at the Herring Run in Mattapoisett. "It's basically guaranteed funding ... it's at the top of the list," he said. "But the state is asking the towns to participate in the renovations."

As such, Rochester has been asked to contribute $2,500 toward the project along with contributions from Fairhaven, Mattapoisett, Marion, and the Buzzards Bay Action Committee. "We have money in the Herring River Improvement Fund and the Tri-Town River Commission Fund," Chairman Hughes said. "I'd like to ask that we place an article on the Town Meeting warrant for $688 to make up the difference."

Selectman Hawkes moved to approve Chairman Hughes' request, with the stipulation that $612 be

Rochester Candidates' Night

April 6, 1995

Moderator Marilyn Whalley opened up Rochester Candidates' Night on Monday evening, April 6 at the Rochester Woman's Club at 7:45 pm. Though most of the races on this year's ballot were uncontested, Ms. Whalley allowed time for the candidates to speak briefly to the residents in attendance.

Planning Board incumbent Georgia Chamberlain took the opportunity to discuss some of the upcoming changes in the town's Zoning By-Laws and encouraged people attend a Public Hearing which will be held on April 19 at 7:00 pm to voice their opinion on these proposed amendments.

"We're looking to have the applicant go through the Building Inspector first to help expedite the situation," she said. "We also are proposing a change in the frontage

measurements ... which will be measured from the middle of the road; and we're looking for the (developer's) bank to put up the money to secure an approved subdivision."

The only other uncontested candidate present who spoke was Highway Surveyor Jeffrey Eldridge, who basically stated that he loves his job and hopes to continue serving the town in this capacity. "I'd like to thank everyone for supporting me in the past and I hope they continue to do so," he said.

Then Ms. Whalley invited the two candidates for the three-year seat on the Board of Selectmen up to the front of the hall for a brief question and answer session.

During his opening remarks, candidate Michael Cambra cited his past experience as a former Selectman with the town, his service on the Rochester Memorial School Building Committee, and his other stints with various political boards as the reason for electing him to the position. "I don't see this as a race against Lorraine (Roy Hawkes), I have no problem with the job she's doing," he said. "I just want to get involved with town politics again."

Incumbent Lorraine Roy Hawkes noted that she has lived in town for the past 15 years and has served as Selectman for the last three years. As a former teacher, State Police officer, and now self-employed accountant, she feels her various job experiences have afforded her the necessary skills to continue serving the town as a Selectman.

"I care about the town of Rochester and I'd like to continue to serve it," she said. "I feel that in some instances we aren't dealing with all town departments equally ... I think that needs to be changed."

The two candidates were then asked questions from Ms. Whalley on behalf of the Woman's Club and from the residents present. The first was what they felt were the greatest challenges facing the Town of Rochester.

Mr. Cambra noted that the rapid growth of the town and a sharp increase in population are certainly two of the more prominent concerns. He also noted that the Police and Fire Departments are in need of new facilities, as is the Council on Aging.

Ms. Hawkes stressed the need to put some money

back into the town's Stabilization Fund to allow for future expansion of this type. She cited the Board of Selectmen's recent consideration of town-owned property on Dexter's Lane as a possible site for a new Police/Fire facility, which may also incorporate the Council on Aging and/or Highway Department. If so, money will be needed to plan for such a project.

When asked what skills each candidate had to bring to the position, Ms. Hawkes noted her current work as an accountant, through which she has had experience in planning payrolls and budgets. "I feel my accounting background and the years I've spent running my own business have given me the necessary experience (to be Selectman)," she said.

Mr. Cambra cited his own management skills and his plans to hire the "best possible person" for each delegated job. "I feel if you hire or appoint someone to do a job, you should let them do it," he said. "I don't like to micro-manage and I certainly don't like to second-guess anyone."

One of the most debated topics of the evening was the proposed casino in New Bedford and its potential impact on Rochester. Ms. Hawkes expressed her belief that Rochester is still essentially a "bedroom community" for people who work in Boston. "I think we are going to see new growth in the future regardless of whether the casino is built or not," she said. "I think people are going to continue to develop here."

Although Mr. Cambra was a little more critical of the casino and New Bedford's perceived reliance on it to revive their economy, he didn't express any objections. "I really don't know what impact it will have on Rochester," he said. "I hope we don't have (any crime) problems ... but if we do, we'll have to face them head on."

Both candidates finished the evening by stressing the importance of cooperation among the members of the Board of Selectmen. "You really need to have a board that's willing to work together if you want to get anything done," Ms. Hawkes said.

Mr. Cambra echoed her sentiments, adding that a Selectman also needs to make decisions based on all available information. "When it comes down to making a vote based on everything I've heard, I would have to vote with what I thought was in the best interest of town," he said.

UP, UP, AND AWAY

If you think that the continuing rise in real estate values is a recent phenomenon, think again. Since 1850, the fair market value of real estate, land and improvements has been increasing at a compounded rate of about five percent. To illustrate, if Abe Lincoln's cousin bought some property in 1850 for $1,000, that same property would be worth one million dollars today.

In current times, except for the dip from 1988-92, real estate has appreciated in fifty-eight of the last sixty years. Appreciation is even more dramatic when you realize it is tied to leverage in real estate. That means when you buy property, you usually use other people's money to do so. If you put 20% down ($20,000) on a $100,000 home and it appreciates at 5%, the increase in one year is $5,000. This actually represents an increase of 25 % on the cash investment. As returns are compounded over the years of ownership the significant financial rewards of home ownership are apparent.

Call Fisher & Rocha today with any of your Real Estate questions or needs, we're here to help!! 758-6738.

ORR Fashion Show

Old Rochester Regional High School students will show off their taste and talent at the 10th annual Fashion Show, to be held on Saturday, April 10 at 7:00 pm in the high school auditorium. The theme for the show will be "A Parisian Cafe in April."

About 55 art students have designed and created fashions they will wear down the runway themselves. They include such ethereal creations as Heather Chu's dark green outfit adorned with gauzy green leaves and orange satin butterflies and Ellen Gallant's dress with tie-dyed seams. Even master of ceremonies John Michaud, a senior, designed and made a dress which will be worn by fellow senior Heather Ziobro, according to art teacher Jean Hong, who is organizing the show.

All other art students — for a total of about 90 students — are designing and making the sets, organizing publicity and programming the show. The students put on the show to raise money for the art classes to take field trips. This year, the classes will go far afield. Underclassmen will visit New York this spring, while a select dozen or so students will tour Germany and Paris for two weeks.

Tickets for the show can be purchased at the high school or at the door. They cost $4 for adults and $3 for children.

Shipbuilding Days

On Tuesday evening, April 18 at 7:30 pm, the Mattapoisett Historical Museum and Carriage House will feature Seth Mendell, who will present a most interesting and informative program on the shipbuilding industry of Mattapoisett.

In its day, Mattapoisett was the most famous whaleship building port in the world. The list of vessels known to have been built in Mattapoisett numbers between three and four hundred.

Seth is well-qualified to present this program as his father, Charles Mendell, was one of the founders of the Historical Society and the Museum and is the author of the publication "Shipbuilders of Mattapoisett."

This program is open to the public and we invite you to come and learn what made Mattapoisett special 150 years ago.

An Open Letter to Our Neighbors in Marion, Mattapoisett and Rochester

It is 3 1/2 miles from the New Bedford city line to the Mattapoisett town line, 7 miles to the Marion line, and a little further to the Rochester town line. But in reality, these communities are millions of miles apart when it comes to economic vitality. Mattapoisett, Marion and Rochester are lovely suburban communities with low unemployment and other qualities that make them ideal places to live.

New Bedford is another story -- the highest unemployment rate in the state, the fishing industry on a severe downslide, and many manufacturing plants are gone forever.

For these reasons, New Bedford is embracing a casino. Why a casino? Because it is the best and only prospect this city has. There are no other opportunities for New Bedford on the horizon.

Local communities need to co-operate to survive. For example, Mattapoisett utilizes Fairhaven sewer treatment plant. And most of our communities have mutual support agreements for fire and police.

We urge the voters of Rochester, Mattapoisett and Marion to be good neighbors to New Bedford. Let New Bedford determine its own destiny. New Bedford needs the casino. The city has reviewed its options, and weighed the advantages and disadvantages of a casino. The Mayor, the City Council and New Bedford residents want the casino. The Wampanoag project will provide much needed jobs and is the only prospect the people have for economic renewal.

On the behalf of the people of the city of New Bedford, we ask the people of Marion, Mattapoisett and Rochester to support us in this endeavor.
